

# From Militant to Peace Activism

## Field Research – Dilemmas and Decision Making

Daniel Fridberg

### Background

#### Rationale

\* Reality = People, individuals

#### Research Group

Israeli Soldiers and combatants, who refused to follow an order or carry on in their military duty for conscientious reasons.

#### Methodology

- Grounded Theory – Qualitative Research
- Appreciative Enquiry – Learning from success.

### Research Questions

1. What are the social-psychological and structural barriers measures for Selective Conscientious Objection?
2. What is the nature of the process leading (some) to Selective Conscientious Objection?

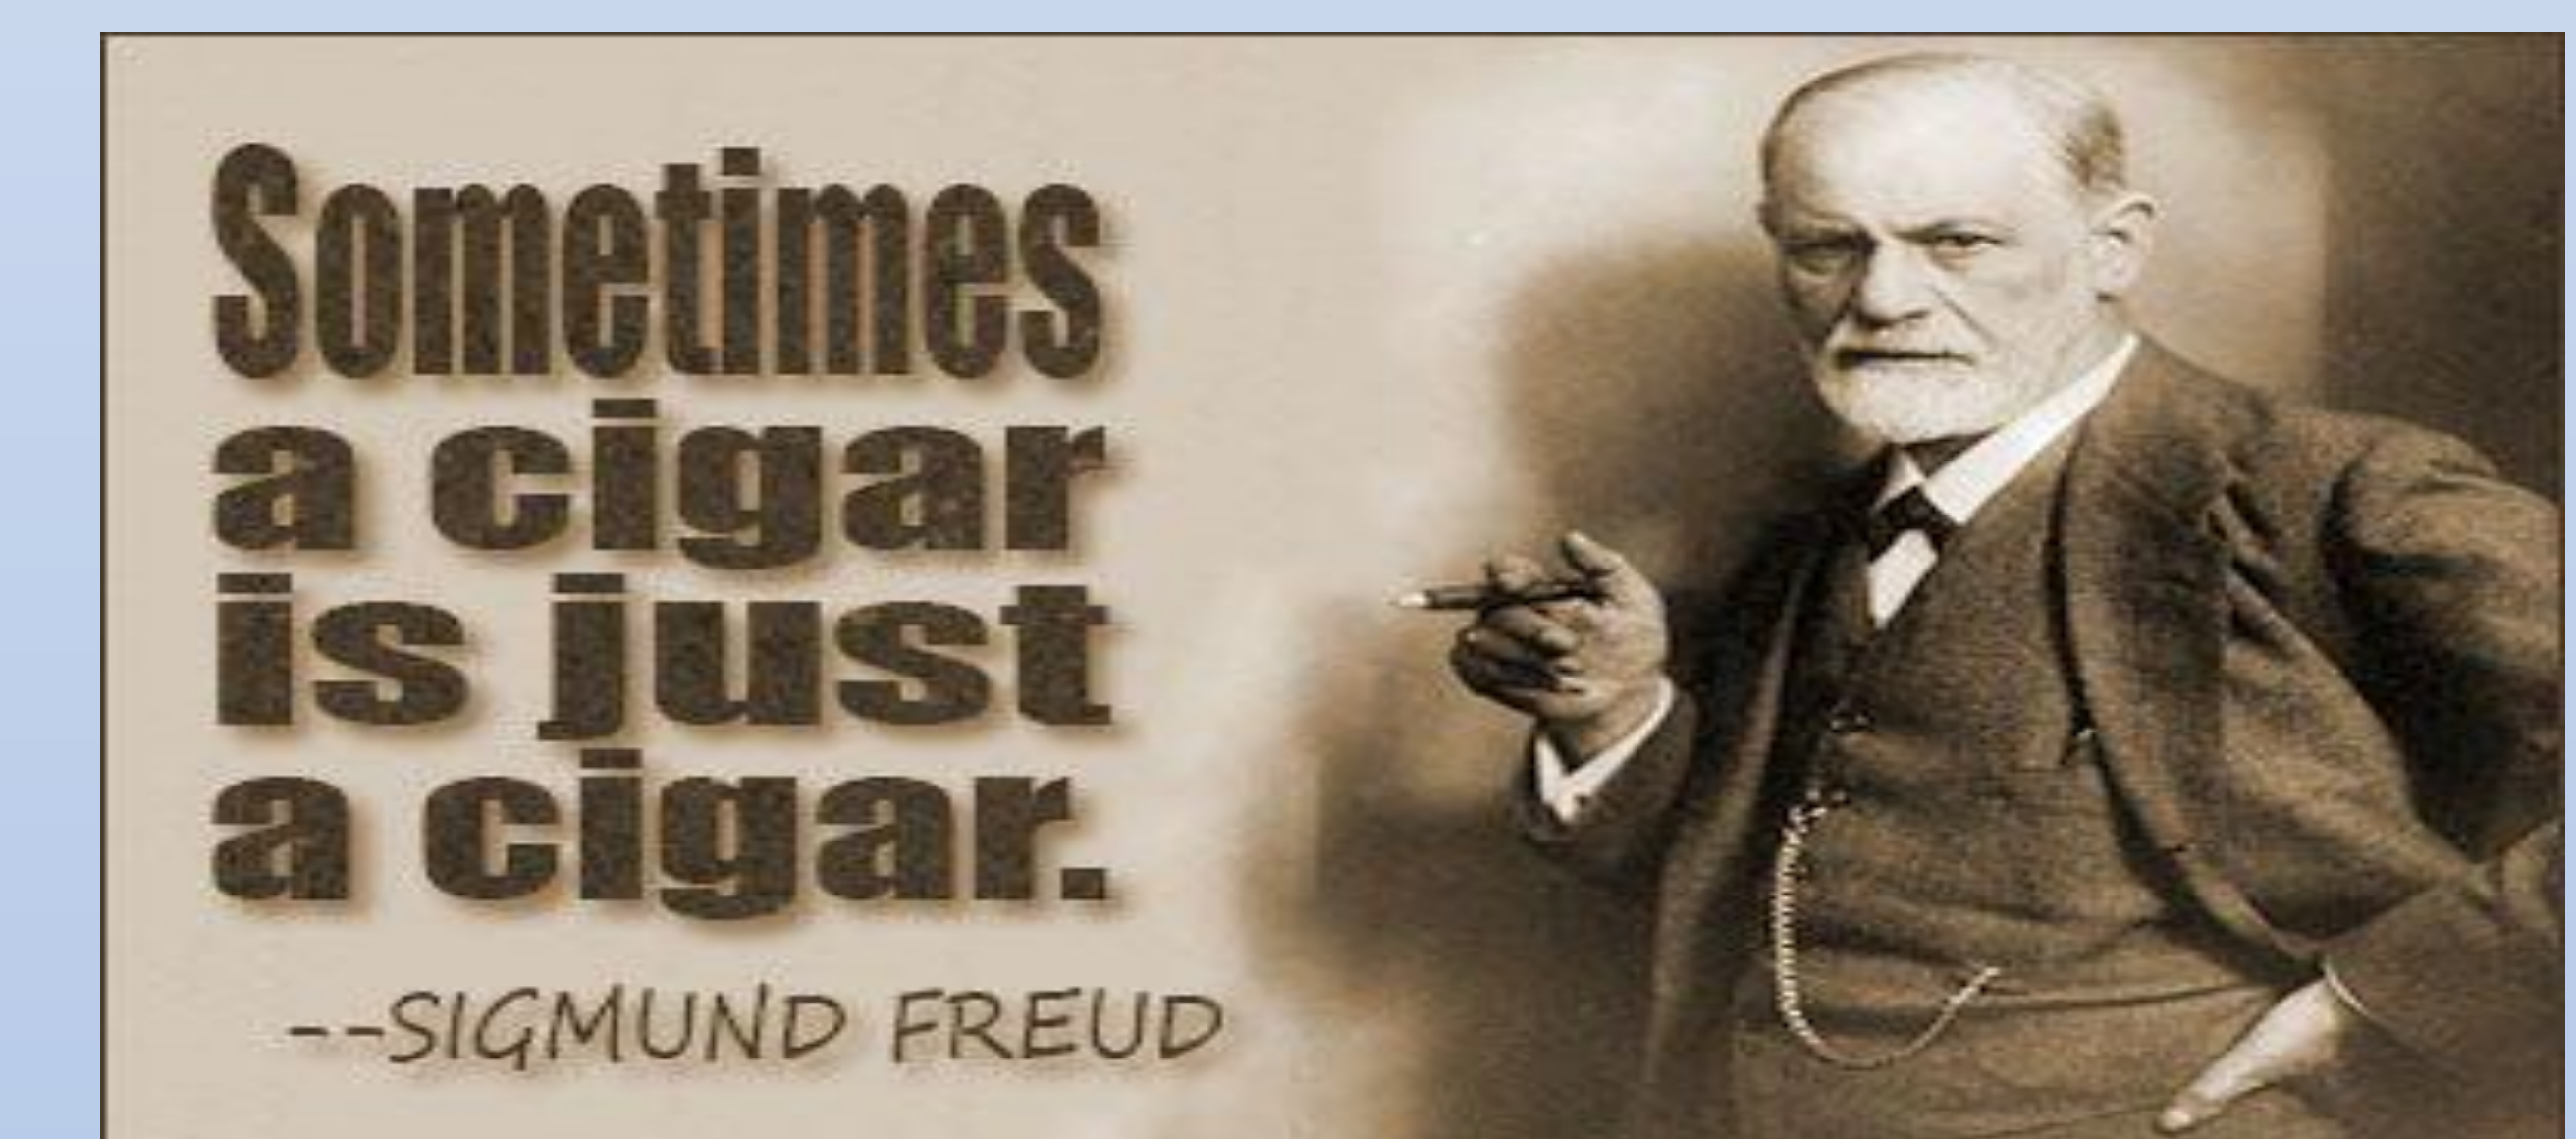

### Dilemmas and Considerations

#### 1. Comparative vs. analytic approach

#### 2. The Epistemological Stance

#### 3. What do participants gain out of it?
